Issue N^o. 10 July 2010

Saturday 7th August - Annual Presentation Evening at Bugsy's 7:00pm.

Guy's this year we are having our Annual Presentation Evening on Saturday the 7th August 2010 at Bugsy's Tenpin Bowling & Sports Bar, Ethelbert Crescent, Cliftonville. 7pm start.

We are opening the evening up to friends and family of the bowlers this year. We need to know how many of you and guests will be attending so that we can get the quantity of food about right.

Food will be prepared for the evening by Bugsy's but we will need parents to bring some item's with them incl. Crisps, peanuts, sausage rolls etc. Drinks can be purchased at the bar and we will have the use of the seating area in the sports bar for the presentation and socialising.

This year we are having live music which will be a bit different than the previous presentation evenings. There will be room for a dance and Bugsy's are putting on a couple of lanes for you to bowl on throughout the evening.

AGM - Annual General Meeting 6.30pm Saturday 7th August 2010

Prior to the presentation evening we will have our Annual General Meeting so that the committee for the following season can be voted in. Alan will produce the relevant documents which will be placed on the Notice board for all you eager parents that want to join in the fun and help run the club. Any other matters can be raised at this time but please bring the issues to the attention of the existing Committee members so that it can be added to the agenda.

Ideas for spending the cash raised by the club.

As discussed at the most recent parent/child meeting, the club now has funds that need to be used for the benefit of the young bowlers. The suggestions box is on the counter each Saturday but as yet there have been only a few ideas passed to the committee. Please, if you have suggestions, use the suggestion box.

The committee has already agreed to pay towards some of the cost of the upcoming tournaments in August as listed below. See Kevin for entry forms and further information. You/your child will NOT be entered unless you speak with Kevin!

Next year's Teams

We have decided to manage next year's team selection differently for next year. We will be asking Janet and Sarah to be in charge of this process. They will be asking for one or two parents to assist with this. The training programme we intend to introduce next season will also be taken into account during the selection process.

Coaching Course

Janet seems to have worked a miracle with the BTBA who have agreed to come to Cliftonville to give a Level I Instructors course. It is rare to have a course this end of the country but will make this easier for people who want to assist the club. We now need numbers for this course. I am aware that Whitstable are very interested in taking up some spaces so we need to get in quickly with people who want to give time and their experience to our kids. Please see Janet if you are interested in helping your club. The course will be subsidised by Cliftonville YBC and NO TRAVELLING!
